Scorpio Horoscope

You're a mysterious, intense water sign who likes to play up your secretive allure, Scorpio, but as serious Saturn transits your fifth house of drama and the quest for attention in 2024, you'll be in the spotlight more than ever. There is also more ambitious emphasis on the things you do for fun, like sports and hobbies, so get that competitive vibe of yours ready to start flowing. Because if you're going to commit your time to something, you might as well try to be the best at it you can be, right?!

Happy
Thanksgiving
